The following legislation was compiled from NCSL’s Environmental Health Legislation Database – available online at http://www.ncsl.org/default.aspx?tabid=17322 – a searchable source for environmental health legislation from all 50 states, the District of Columbia and Puerto Rico.

Summary

- 54 bills in 20 states: Delaware (1), District of Columbia (2), Illinois (2), Iowa (9), Kansas (1), Kentucky (1), Massachusetts (1), Maine (5), Minnesota (4), Mississippi (1), Nebraska (2), New Hampshire (2), New Jersey (4), New York (9), Oregon (2), Pennsylvania (4), South Carolina (1), Utah (1), Virginia (1) and Wisconsin (1).
- 3 bills enacted: Maine S.B. 124, Minnesota S.B. 887 and Utah S.B. 109

Delaware

DE SCR 31
2014

Department of Health

Status: Pending - Senate Health and Social Services Committee

Date of Last Action:* 1/14/2014

Author: Cloutier (R)

Topics: Indoor Air Quality, Indoor Air Quality – Radon, EH Management

Summary: Requests that natural gas be monitored for radioactive constituents and reported to the Department of Health and Social Services. This Resolution also requests that a coalition be established to determine a maximum safety threshold for radon in delivered natural gas.
District of Columbia

DC B 510
2014
Radon Contractor Proficiency
Status: Failed - Withdrawn from further consideration
Date of Last Action: 10/1/2013
Author: Mendelson (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Amends chapter 42 of title 28 of the District of Columbia Official Code to authorize the Mayor to designate certifying bodies for the proficiency of radon contractors.

DC B 569
2014
Air Pollution Disclosure and Reduction
Status: Pending - In Multiple Committees
Date of Last Action: 11/5/2013
Author: Cheh (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Requires disclosure of information related to the operation of demand response generating sources to the District Department of Environment, prohibits emergency generators from being used as demand response generating sources, requires that demand response generating sources implement lowest achievable emissions rate technology, requires disclosure by residential property owners to potential tenants or purchasers concerning elevated levels of radon, requires disclosure with regard to indoor mold.

Illinois

IL H 4514
2014
Radon Industry Licensing Act
Status: Pending - House Rules Committee
Date of Last Action: 1/31/2014
Author: McAsey (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Amends the Radon Industry Licensing Act, provides that the Assistant Director of the Emergency Management Agency or his or her designee may, at the Assistant Director's instance or on the written request of another party to an administrative proceeding or investigation administered under the Act or any other law concerning radon, subpoena witnesses to attend and give testimony before the hearing officer designated to preside over the proceeding or investigation.
IL H 5730
2014

Radon Industry Licensing Act
Status: Pending - House Rules Committee
Date of Last Action:* 2/14/2014
Author: McAsey (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Amends the Radon Industry Licensing Act, makes a technical change to the Section concerning the short title of the Act.

Iowa

IA S 49
2014

Board of Directors
Status: Pending - Carryover - Senate State Government Committee
Date of Last Action:* 1/24/2013
Author: McCoy (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Requires the board of directors of each public school district and the authorities in charge of each nonpublic school to have a short-term test for radon gas and radon progeny performed at each school site under its control at least once every two years, if the results of such a test are at or above four picocuries per liter, requires the board of directors of the public school district and the authorities in charge of the nonpublic school to have a second short-term test performed at the school site with.

IA H 243
2014

Building Code Commissioner
Status: Pending - Carryover - House State Government Committee
Date of Last Action:* 2/18/2013
Author: Kelley Da (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Requires that the building code commissioner, with the approval of the building code advisory council, adopt requirements and standards for radon control in new residential construction, provides that the standards shall supersede and replace any minimum radon control requirements and standards for new residential construction adopted by governmental subdivisions in Iowa, requires that the requirements and standards be mandatory for all new residential construction beginning on or after January 1, 2015/.

IA S 366
2014

Building Code Commissioner
Status: Pending - Concurrence
Date of Last Action:* 3/18/2014
Author: State Government Cmt
Topics: Indoor Air Quality, Indoor Air Quality – Radon, EH Management
Summary: Requires the State Building Code Commissioner to adopt, as a part of the state building code, construction requirements and standards for radon control in new residential construction, requires that specific fees collected be retained by the department, considered repayment receipts, and deposited in the radon education fund.

IA SSB 1007
2014
Radon Control Standards
Status: Pending - Carryover - Senate State Government Committee
Date of Last Action:* 1/15/2013
Author: State Government Cmt
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Relates to radon control standards in residential construction, establishes certain radon testing or abatement to be conducted in schoolhouses and certain residential buildings, provides an income tax credit for certain radon mitigation and abatement costs, requires that the Building Code Commissioner, with the approval of the Building Code Advisory Council, adopt requirements and standards for radon control in new residential construction.

IA S 2127
2014
Test for Radon Gas at Each Attendance Center
Status: Pending - Senate Education Committee
Date of Last Action:* 2/6/2014
Author: McCoy (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Requires the Board of Directors of each public school district to have a short-term test for radon gas performed at each attendance center under its control at least once by June 30, 2016, and at least once every 10 years thereafter, and following new construction of an attendance center or additions, renovations, or repairs to an attendance center, clarifies that if the results of such a test are at or above four picocuries per liter, requires the board to have a second short-term test.

IA H 2152
2014
Public School Districts
Status: Pending - House Education Committee
Date of Last Action:* 2/5/2014
Author: Koester (R)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Requires the board of directors of each public school district to have a short-term test for radon gas performed at each attendance center under its control at least once by June 30, 2025, and at least once every 10 years thereafter, and following new construction of an attendance center or additions, renovations, or repairs to an attendance center if the results of such a test are at or above four picocuries per liter, requires the board to have a second short-term test performed at the attendance.
IA D 2204
2014
Radon Control in Residential Construction
Status: Pending - Carryover - Filed as Draft
Date of Last Action: * 2/11/2013
Author: Kelley Da (D)
Topics: Indoor Air Quality – Radon
Summary: Relates to radon control in residential construction.

IA S 2262
2014
Radon Gas Test for Public School Districts
Status: Pending - House Education Committee
Date of Last Action: * 3/4/2014
Author: Education Cmt
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Requires the Board of Directors of each public school district to have a short-term test for radon gas performed at each attendance center under its control at least once by June 30, 2016, and at least once every 10 years thereafter, and following new construction of an attendance center or additions, renovations, or repairs to an attendance center, provides that if the results of such a test are at or above four picocuries per liter.

IA H 2412
2014
School Radon Testing and Mitigation Grant Program
Status: Pending - House Education Committee
Date of Last Action: * 2/26/2014
Author: Kajtazovic (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Establishes a School Radon Testing and Mitigation Grant Program in the Department of Education for purposes of radon testing and mitigation at attendance centers, provides that the program will be administered by the Department of Education in collaboration with the Department of Public Health, provides that a school district that receives a grant for radon testing must retain a person certified by the Department of Public Health to conduct the testing, provides that a school district.

Kansas

KS S 115
2014
Residential Home Sales Radon Testing
Status: Pending - Carryover - Senate Commerce Committee
Date of Last Action: * 2/4/2013
Author: Ways and Means Cmt
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Relates to requiring radon testing for residential home sales.
Kentucky

KY H 411
2014
Radon Testing in Child Care Centers
Status: Pending - Senate Appropriations & Revenue Committee
Date of Last Action:* 3/17/2014
Author: Riggs (D) Additional Authors: Crimm (R); Westrom (D); Jenkins (D); Montell (R); Floyd (R); Adams J (R)
Topics: Children’s Environmental Health, Indoor Air Quality, Indoor Air Quality – Radon
Summary: Requires licensed child-care centers to be tested for radon at least once every five years as part of their initial licensure and license renewal, requires the most current report to be posted in a public place within the child-care center, provides cabinet shall promulgate administrative regulations to specify signage that shall accompany the posting explaining health risks associated with specified levels of radon and contact information for the state’s radon program.

Maine

ME S 124
2014
Radon Testing and Disclosure
Status: Enacted - Act No. 324
Date of Last Action:* 06/21/2013 - Enacted
Author: Whittemore (R)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Provides for disclosure of a radon hazard to tenants and prospective tenants, provides that radon testing is not required, but requires the disclosure of a radon hazard to tenants and prospective tenants when a landlord is made aware of test results indicating the presence of radon.

ME H 394
2014
Radon Testing
Status: Failed - Died
Date of Last Action:* 2/19/2013
Author: Longstaff (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Amends the laws concerning radon testing by: 1. Removing the requirement that all residential housing units be tested for radon by March 1, 2014 and every 10 years thereafter, 2. Allowing, instead of requiring, landlords and people acting on behalf of landlords to conduct radon tests and allowing tenants to conduct radon tests, 3. Applying the radon testing laws to only residential housing units located below the 3rd story above the ground floor of a building.
**ME LR 686**
2014
**Tenant Random Testing**
**Status:** Failed - Adjourned - Legislature
**Date of Last Action:** 1/28/2013
**Author:** Senator Whittemore
**Topics:** Indoor Air Quality, Indoor Air Quality – Radon
**Summary:** Relates to radon testing and disclosure to tenants.

---

**ME H 727**
2014
**Cancer Incidence Study**
**Status:** Vetoed - Vetoed by Governor
**Date of Last Action:** 06/24/2013 - Vetoed
**Author:** McGowan (D)
**Topics:** Indoor Air Quality, Indoor Air Quality – Radon, EH Management
**Summary:** (Resolve) Directs the Department of Health and Human Services to establish a task force to study the high incidence of cancer in the State, ways to lower the incidence of cancer and how the State can assist its citizens through education and prevention programs. The department is directed to invite interested parties to serve on the task force and to make its findings available to the public in distributable format and online.

---

**ME LR 836**
2014
**Laws Relating To Radon Testing**
**Status:** Failed - Adjourned - Legislature
**Date of Last Action:** 1/28/2013
**Author:** Longstaff (D)
**Topics:** Indoor Air Quality, Indoor Air Quality – Radon
**Summary:** Amends the laws relating to radon testing.

---

**Massachusetts**

**MA H 1914**
2014
**Radon Testing for Child Care Programs**
**Status:** Pending - Joint Committee on Health Care Financing
**Date of Last Action:** 2/18/2013
**Author:** Coakley-Rivera (D)
**Topics:** Children's Environmental Health, Indoor Air Quality, Indoor Air Quality – Radon
**Summary:** Provides that the Department of Public Health promulgate regulations to require that certain child care programs undergo routine radon testing.
Minnesota

MN H 662
2014

Health Department (MDH) Policy
Status: Failed - Indefinitely Postponed
Date of Last Action:* 3/18/2013
Author: Laine (DFL)
Topics: Indoor Air Quality – Radon, EH Management
Summary: Modifies provisions related to the Department of Health (MDH), requires loan forgiveness participants to provide MDH with confirmation, rather than an affidavit, that they meet practice requirements of the program, modifies adverse events reporting requirements for hospitals by referring to serious injury rather than disability, exempts housing with services establishments that serve the homeless from providing certain consumer information.

MN H 663
2014

Radon Education Disclosure
Status: Pending - Carryover - House Health and Human Services Finance Committee
Date of Last Action:* 2/18/2013
Author: Laine (DFL)
Topics: Children’s Environmental Health, Indoor Air Quality – Radon
Summary: Relates to health, radon education disclosure, appropriates money for support services for families who have a child who is deaf or has a hearing loss, adjusts the hospital payment rate.

MN H 816
2014

State Building Code
Status: Pending - Carryover - House Housing Finance and Policy Committee
Date of Last Action:* 2/21/2013
Author: Anderson S (R)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Relates to the State Building Code, enacts Janet’s Law, requires radon testing of all residential homes.

MN S 887
2014

Health
Status: Enacted - Act No. 2013-43
Date of Last Action:* 05/07/2013 - Enacted
Author: Marty (DFL)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Relates criminal history record data for volunteers of the Medical Reserve Corps, vulnerable adult complaints against HMOs, radon education disclosure, tuberculosis standards, reporting adverse events, poison control, volunteer medical personnel liability and criminal background studies, body art establishments and body art technicians, occupational therapy
practitioners, and legend drugs prescribing authority.

**Mississippi**

MS S 2823  
2014  
**Environmental Quality**  
**Status:** Failed - Died  
**Date of Last Action:** 1/22/2014  
**Author:** Dawkins (D)  
**Topics:** Indoor Air Quality, Indoor Air Quality – Radon, EH Management  
**Summary:** Requires the commission on environmental quality to adopt rules for radon control.

**Nebraska**

NE L 13  
2014  
**Radon Construction Codes and Mitigation Statements**  
**Status:** Pending - Legislature  
**Date of Last Action:** 2/3/2014  
**Author:** Krist (NP)  
**Topics:** Indoor Air Quality, Indoor Air Quality – Radon  
**Summary:** Requires radon resistant construction and radon mitigation statements for sale of residential property, creates a building codes task force, encourages home testing.

NE L 695  
2014  
**Child Care Location Radon Levels**  
**Status:** Pending - Health and Human Services Committee  
**Date of Last Action:** 1/8/2014  
**Author:** Haar (NP)  
**Topics:** Children's Environmental Health, Indoor Air Quality, Indoor Air Quality – Radon, EH Management  
**Summary:** Requires an affidavit relating to radon levels at a child care location.

**New Hampshire**

NH S 405  
2014  
**Registration of Radon Mitigation System Installers**  
**Status:** Pending - House Executive Departments and Administration Committee  
**Date of Last Action:** 3/6/2014  
**Author:** Woodburn (D)  
**Topics:** Indoor Air Quality, Indoor Air Quality – Radon, EH Management  
**Summary:** Requires the registration of radon mitigation system installers with the board of home inspectors, 14-2650 08/03.
NH H 1532
2014

**Radon and Arsenic Levels**

*Status:* Pending - Senate Energy and Natural Resources Committee

*Date of Last Action:* 3/19/2014

*Author:* Almy (D)

*Topics:* Indoor Air Quality, Indoor Air Quality – Radon

*Summary:* Requires a seller to provide notification of radon and arsenic levels prior to the sale of real property.

---

**New Jersey**

NJ ACR 59
2014

**Lung Cancer Mortality Reduction Act 2011**

*Status:* Pending - Assembly Human Services Committee

*Date of Last Action:* 1/10/2012

*Author:* Quijano (D)

*Topics:* Indoor Air Quality, Indoor Air Quality – Radon, Toxics & Chemicals, Toxics & Chemicals – Asbestos

*Summary:* Memorializes Congress to pass S.752 and H.R.1394, the Lung Cancer Mortality Reduction Act of 2011. Identifies tobacco use, radon and asbestos as risk factors for lung cancer.

---

NJ S 568
2014

**Plans for Radon Contamination**

*Status:* Pending - Senate Education Committee

*Date of Last Action:* 1/14/2014

*Author:* Turner (D)

*Topics:* Indoor Air Quality, Indoor Air Quality – Radon, EH Management

*Summary:* Requires development and implementation of mitigation plans for radon contamination in certain child care centers, requires Department of Education to develop such plans for child care centers operating in public schools, request funding, and implement plans when funded.

---

NJ S 823
2014

**Radon Contamination in Child Care Centers**

*Status:* Pending - Senate Education Committee

*Date of Last Action:* 1/10/2012

*Author:* Smith B (D)

*Topics:* Children’s Environmental Health, Indoor Air Quality, Indoor Air Quality – Radon

*Summary:* Requires development and implementation of mitigation plans for radon contamination in certain child care centers, requires Department of Education to develop such plans for child care centers operating in public schools, request funding, and implement plans when funded.
Mitigation Plans for Radon Contamination
Status: Pending - Assembly Education Committee
Date of Last Action:* 2/21/2012
Author: Chivukula (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Requires development and implementation of mitigation plans for radon contamination in certain child care centers, requires Department of Education to develop such plans for child care centers operating in public schools, request funding, and implement plans when funded.

New York

Protection of Air Quality AtLicensed Day Care Centers
Status: Pending - Senate Social Services Committee
Date of Last Action:* 1/9/2013
Author: Englebright (D)
Topics: Children's Environmental Health, Indoor Air Quality, Indoor Air Quality – Radon, Toxics & Chemicals, Toxics & Chemicals – Lead
Summary: Provides for the protection of the air quality at licensed day care centers and head start day care centers funded pursuant to federal law, requires the office of children and family services to consult with the commissioners of environmental conservation and health regarding the air quality and environmental hazards that may be involved with any new day care center or head start day care center, requires such office to consult with the department of health.

State Fire Prevention and Building Code Council
Status: Pending - Senate Housing, Construction, and Community Development Committee
Date of Last Action:* 1/9/2013
Author: Breslin (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Requires the state fire prevention and building code council to implement rules and regulations requiring the use of radon-resistant features in new home construction.

Plans and Specifications of School Buildings
Status: Pending - Assembly Education Committee
Date of Last Action:* 1/15/2013
Author: Englebright (D)
Topics: Children’s Environmental Health, Indoor Air Quality, Indoor Air Quality – Radon, Toxics &
Chemicals, Toxics & Chemicals – Lead

**Summary:** Adds a list of items, including certain quality air conditioning systems, to the requirements for approval of new, leased or remodeled school buildings with respect to health and safety, including environmental health and safety, requires departments of health and environmental conservation to report to the education department and school districts information on environmental hazards relevant to school buildings.

NY A 2592
2014
**Testing the Radon Level of Gas**
**Status:** Pending - Assembly Environmental Conservation Committee
**Date of Last Action:** 2/20/2014
**Author:** Quart (D)
**Topics:** Indoor Air Quality, Indoor Air Quality – Radon

**Summary:** Requires testing for radon level of gas produced, sold, purchased, acquired, stored or injected, prohibits gas with a radon content greater than a specified amount from entering the distribution system.

NY S 2961
2014
**Radon Testing in Public and Private Schools**
**Status:** Pending - Senate Education Committee
**Date of Last Action:** 1/29/2014
**Author:** Parker (D)
**Topics:** Children's Environmental Health, Indoor Air Quality, Indoor Air Quality – Radon

**Summary:** Provides for radon testing in public and private schools.

NY A 3016
2014
**Radon Testing in Public and Private Schools**
**Status:** Pending - Assembly Education Committee
**Date of Last Action:** 3/26/2014
**Author:** O'Donnell (D)
**Topics:** Children's Environmental Health, Indoor Air Quality, Indoor Air Quality – Radon

**Summary:** Provides for radon testing in public and private schools, requires the results of any tests, monitoring activities, remediation, or studies performed shall be made available to the public during administrative hours.

NY A 4183
2014
**Hospital Engaging in Construction**
**Status:** Pending - Assembly Ways and Means Committee
**Date of Last Action:** 2/1/2013
**Author:** Englebright (D)
**Topics:** Indoor Air Quality, Indoor Air Quality – Radon

**Summary:** Requires every hospital engaging in the construction of, addition to or remodeling of a building to submit to the commissioner of health the plans and specifications of such building.
relating to heating, ventilation and air conditioning, air intake, pest prevention, radon levels, lighting, sanitation and drainage, also requires such hospitals to consider the siting of such building in relation to toxic sites.

**NY S 4921**

2014 **Radon Monitoring System**

*Status:* Pending - Senate Health Committee  
*Date of Last Action:* 2/28/2014  
*Author:* Savino (D)  
*Topics:* Indoor Air Quality, Indoor Air Quality – Radon  
*Summary:* Requires the establishment of a monitoring system for use by local gas distribution corporations for determining and designating, delivery points where gas from a pipeline is transferred to a local gas corporation's distribution system that are appropriate and practicable for monitoring levels of radon and its radioactive progeny, measured as gross alpha activity, in the natural gas delivered to each delivery point, and reporting such levels through a publicly-accessible website on a real time basis.

**NY A 6863**

2014 **Protection of Public Health From Exposure To Radon**

*Status:* Pending - Assembly Health Committee  
*Date of Last Action:* 2/24/2014  
*Author:* Rosenthal (D)  
*Topics:* Indoor Air Quality, Indoor Air Quality – Radon  
*Summary:* Relates to the protection of public health from exposure to radon in natural gas, requires continuous monitoring of the level of radon in the natural gas delivered at each city gate, relates to compliance assurance system, requires public reporting, authorizes civil actions against a local gas distribution corporation and the Commissioner for non-compliance.

**Oregon**

**OR D 243**

2014 **Radon level Testing**

*Status:* Failed - Adjourned - Filed as Draft  
*Date of Last Action:* 1/14/2014  
*Author:* Senate Committee on Environment and Natural Resources  
*Topics:* Indoor Air Quality, Indoor Air Quality – Radon, EH Management  
*Summary:* Prohibits engaging in business of radon level testing or radon mitigation work without Department of Consumer and Business Services certification.

**OR S 1511**

2014 **Radon Testing in K-12 Schools**

*Status:* Failed - Died  
*Date of Last Action:* 2/13/2014
**Author:** Senate Committee on Environment and Natural Resources  
**Topics:** Indoor Air Quality, Indoor Air Quality – Radon  
**Summary:** Requires public schools providing prekindergarten to grade 12 education to conduct radon level testing if school undertakes project involving addition, replacement or other significant alteration of heating, air conditioning or ventilation equipment, rebalancing of air moving system or remodeling, renovation or alteration affecting building envelope or structural components.

2014  
**Radon Awareness Month**  
**Status:** Adopted - Adopted  
**Date of Last Action:** 01/27/2014 - Enacted  
**Author:** Readshaw (D)  
**Topics:** Indoor Air Quality, Indoor Air Quality – Radon, EH Management  
**Summary:** Commemorates the month of January 2014 as ""Radon Awareness Month"".
School District Radon Reports
Status: Pending - House Education Committee
Date of Last Action:* 3/11/2013
Author: Briggs (D) Additional Authors: Cohen (D); Schlossberg (D); Rozzi (D); Flynn (D); Costa D (D); O’Brien M (D); Mahoney (D); Kortz (D); Millard (R); Fabrizio (D); Thomas (D); Youngblood (D); Readshaw (D); Freeman (D); DeLuca (D); Sims (D)
Topics: Children’s Environmental Health, Indoor Air Quality, Indoor Air Quality – Radon
Summary: Amends the act of March 10, 1949 (P.L.30, No.14), known as the Public School Code of 1949, in school districts, requiring radon reports, requires radon tests in grounds and buildings.

South Carolina

Residential Property Condition Disclosure Statement
Status: Pending - Senate Judiciary Committee
Date of Last Action:* 6/6/2013
Author: Jackson (D)
Topics: Indoor Air Quality – Radon, Toxics & Chemicals, Toxics & Chemicals – Asbestos, Toxics & Chemicals – Lead
Summary: Relates to the residential property condition disclosure statement, includes information about any requirement that by purchasing the real property the purchaser must become a member of one or more associations and any list of fees or assessments the purchaser is required to pay by the association or associations.

Utah

Educational Campaign Regarding Radon Gas
Status: Enacted - Signed by Governor
Date of Last Action:* 03/28/2014 - Enacted
Author: Osmond (R)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Requires the Department of Health, in consultation with the Division of Radiation Control, to develop a statewide electronic awareness campaign to educate the public regarding radon gas in buildings, including health risks, testing options and remediation.
Virginia

VA S 437
2014
Child Day Programs
Status: Failed - Died
Date of Last Action:* 1/29/2014
Author: Barker (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon, EH Management
Summary: Relates to child day programs, relates to radon testing, requires certain child day programs to have the buildings in which they operate tested for radon and to make the test results available to the public.

Wisconsin

WI A 865
2014
Radon Measurement Mitigation Rule Making
Status: Failed - Adjourned - Assembly Environment and Forestry Committee
Date of Last Action:* 3/12/2014
Author: Taylor C (D)
Topics: Indoor Air Quality, Indoor Air Quality – Radon
Summary: Relates to radon measurement and mitigation and granting rule-making authority.
